

Don't miss these FREE 'Breathe Freely' regional events,

aimed at construction managers
and site supervisors responsible
for health and safety

Sponsored by:

**At each of these events, speakers from the
HSE, BOHS and industry will talk about:**

- The scale of the problem and who's at risk
- An overview of the main hazards, how to identify them and importantly, how they can be controlled
- Practical advice and tools to take away and use in the workplace to help improve standards
- Examples of good practice
- What we mean by occupational hygiene, occupational health and wellbeing
